

2026-2027 FOREST GLEN SUPPLY LIST

Supplies will need to be replenished throughout the year and additional supplies may be needed for projects.

ALL GRADES: HEADSET

Students at Siena use headsets as a part of daily learning. The headphones allow them to use text-to-speech feedback, read along with an audiobook on Learning Ally, and practice core literacy skills through various reading applications. It is also important that the headset **has a microphone**, which allows students to easily dictate writing to the computer, and record rich, multisensory voiceovers and videos for class projects, even while working in a room with others.

If the recommended model, linked below, is not available or affordable when you go to purchase it, please see the criteria for headsets below to select one.

HEADSET CRITERIA

- Headsets should include an integrated microphone, either on a stem or in line with the headset's cable
- Headsets should plug into the computer **via USB-A** for easiest compatibility and best audio quality
- Headsets should be the **over-ear variety, rather than in-ear**. Sets that have **ear cushions** which completely surround the ear are preferable.
- We generally recommend **against wireless headsets**. They will work, but tend to have a higher error rate and require more frequent troubleshooting than wired USB models.
- Headset cases are strongly recommended.

HEADSET RECOMMENDATIONS

 [Logitech H390 Wired Headset](#)

 [Headset case](#)

REQUIRED FOR SCHOOL:

***Please label all items with student's name**

Paper Management System - Choose one of the following:

- Accordion Folder
